OUR LIFE IS NOT SO BAD - Bluegrass

CHORUS

Our life is not so bad
Our life is not so bad
Our life is not so bad, you see

Our life is not so bad
Our life is not so bad
Things are looking good for you and me.

SPOKEN

Bad shit happens to good people. We all know that. Hasn't much bad happened to me lately. I guess I'm not a good person. Hell, I'm a bad person. I'm spiteful, vindictive, jealous, envious, suspicious, doubtful, and a downright, sarcastic, smart-ass bastard. I just hope all the good shit I've done doesn't come back to haunt me.

CHORUS

Our life is not so bad
Our life is not so bad
Our life is not so bad, you see

Our life is not so bad
Our life is not so bad
Things are looking good for you and me.

SPOKEN

My mama wants me to believe in God and accept Jesus Christ as my savior. Pray to him for forgiveness. Well. God's pretty much been leaving me alone. What if I believe in him, pray to him, and he hears me? "Hey, boy, good to see you." Yeah, God talks like a good ole boy. "Sorry I wasn't paying much attention to you earlier. Here's a little something to test your faith. Let you know I care."

CHORUS

Our life is not so bad
Our life is not so bad
Our life is not so bad, you see

Our life is not so bad
Our life is not so bad
Things are looking good for you and me.

SPOKEN

Of course, now that I've said all this out loud, what's to stop God, fate, whatever, to turn around and mess it all up? I can knock on wood, cross fingers, throw salt, whatever. Just hope I haven't

jinxed the lucky streak of health and happiness. It's all relative. Next thing you know, fifty years from now, I'll be dead.

PAUSE IN MUSIC

Damn.

MUSIC CONTINUES

CHORUS

Our life is not so bad

Our life is not so bad

Our life is not so bad, you see

Our life is not so bad

Our life is not so bad

Things are looking good for you and me.

Just as long as we can poop and pee.

SPOKEN

On our own, that is.

Voluntarily.
